## Miscellaneous.

---

*All dues must be paid in advance.* Those contemplating entering will please arrange to comply with this regulation.

No deduction or refunding, except for sickness of student protracted at least two weeks.

Students charged after second week from time they enter until close of term.

No deduction for holidays.

Students may select any one Department in the regular course, by paying the charges for the class in which that Department is embraced.

Board, \$8 and \$10 per month, everything furnished except lights and washing.

Young ladies and gentlemen are not permitted to board at same house.

When it is necessary for young ladies to go shopping, they will be accompanied by one of the teachers.

The next scholastic year will begin the first Monday in September, 1883, and close the first week in June, 1884.

### TO PARENTS AND GUARDIANS.

It is most earnestly recommended to send those under your care at the opening of the term. Organization is an absolute necessity for success in a college. It therefore becomes a matter of great importance that all come the first day, that the organization may be completed at once.

It is requested that the student should not be encouraged in the idea of spending money. The less money students have to spend foolishly, the better it is for them.

### THE LOCATION

is very desirable, at the crossing of two important railroads, affording every facility of communication necessary. Health of the village is equal to any in the country; there is no local cause for disease. The citizens are plain, moral, enterprising and church-going. Religious character and liberal Christian principles are inculcated, without sectarian or political peculiarities.

### DECLAMATION AND COMPOSITION

are required through the entire course, thus reducing to practice everything as it may be acquired. Constant attention is paid to the manner of declamation and style of composition.

### PLAN OF INSTRUCTION

is of the most practical character possible. It is the object of each instructor to elevate the standard of education by being thorough and practical in his work.

### THE COURSE OF STUDY.

By reference to the course of study, it will be readily seen that the standard is as high as the best colleges in the land. The object is to make good scholars. It is not expected that any one will ask for a position among the scholars of the land without having fully come up to the standard of scholars.

### MUSIC DEPARTMENT.

This Department is doing well, giving a thorough course in instrumental music and vocal exercises.

### THE LITERARY SOCIETY

is well organized, and is of great advantage to the student.

### THE BOARDING FACILITIES

are of the most favorable kind. Many families are ready to extend every accommodation possible, which the Board can fully indorse. Rev. W. G. Leonard, who has the indorsement of the Board, has made arrangements especially for young ladies. Also others equally worthy.

# By-Laws.

---

## TRUSTEES.

The Trustees are authorized by the charter to enact such laws as they may deem necessary for the government of the College.

The regular meetings are held in the College building, unless by consent otherwise, on Friday at 2 P. M., before the third Sabbath in each month.

The officers of the Board are: President, Secretary and Treasurer.

The President may call a meeting of the Board at his discretion, but is bound to do so at the request of any member of the Faculty, or any two members of the Board. At such call meeting no business shall be transacted but such as is specified in the call.

The Board shall attend all examinations and commencements of the College.

## FACULTY.

The President, Professors and Tutors compose the Faculty, a majority of whom constitute a quorum.

The President directs the exercises and studies of the College and superintends the government.

The Professors must be prompt in the discharge of the duties devolving upon them.

The Faculty has the power to make such changes in the course of study as it deems necessary.

## ADMISSION OF PUPILS TO COLLEGE.

Persons presenting themselves for admission into College shall be examined by the Faculty, and, if approved, shall receive a cer-

tificate to be presented to the Bursar of the Faculty, and, upon payment of dues, shall receive a receipt for the amount paid; this receipt, countersigned by the President, entitles the student to the privileges of the College for the current term. This will be strictly enforced; either the money or a good note will be required.

Students preparing for the ministry of any denomination are admitted into each class free of tuition fees; but whenever the student abandons the purpose of the ministry, or acts in a manner inconsistent therewith, the tuition shall be due.

Ministers, who are regularly engaged in the work of the ministry, patronizing the School, will be allowed a reduction of one-half in tuition fees provided their children be under twenty-one years of age.

No person of a degraded or immoral character shall be admitted into the College.

#### PROHIBITION AND REQUIREMENTS.

No student shall profane the Sabbath, or at any time treat religion or its duties with disrespect.

No student shall leave College during college hours, nor visit town during the morning or evening, or in any way neglect the studies assigned them, but by permission.

Young ladies must not receive company while connected with College, unless under a teacher's supervision.

Students must not aid or in any way encourage the practice of fighting, profanity, intemperance, gambling of any kind, or mistreat a fellow student.

Students must not use as a beverage any spirituous liquors, or visit a house where they are kept for sale, or keep any intoxicating liquors in their possession, or play cards, under penalty of expulsion.

No student shall attend shows, horse races, balls, hops, dances, or places of mere vain amusement. They are required to give testimony truthfully, when called upon to do so.

No student shall keep fire-arms. He shall not keep or own at College a sword, dirk or deadly weapon.

Any damage done to College furniture or fixtures will be fined an amount to fully indemnify.

No student must associate with one who has been expelled from College.

No student must leave College at the time of examinations, unless by consent of the Faculty.

Every student is required to maintain neatness of person in College. The use of tobacco is prohibited in College building.

No student shall receive the first degree in the Arts, unless the regular course prescribed shall have been completed in a satisfactory manner, all the College dues paid, and all the College exercises required by the Faculty, performed.

---

#### GENERAL REMARKS.

Bethel College is the property of the Cumberland Presbyterian Church, held and controlled by the West Tennessee Synod for educational purposes.

While the School is denominational it is not sectarian. But it is the great object with those in charge to guard well the moral and religious interest of those committed to their care. No profanity, Sabbath desecration, or dissipation of any kind is allowed.

The students are not neglected in reference to health, but they are required to be regular in their habits and to observe the laws of health. Not one case of serious illness occurred among the students in the last College Year.

The past year has been one of success. The encouragements of the past warrant the belief that there is yet a brighter future for the College.

By reference to the items of expense, it will be seen that board and tuition are as low as could reasonably be asked; lower than in most institutions of the same grade.

Thanking our patrons for past favors, we respectfully ask their support in the future.
